SAN FRANCISCO'S ORIGINAL  
MARINA CHUCK WAGON  
2036 Lombard Street, on Motel Row

Superb Cocktails

**Fun Facts:**

Ed's Chuck Wagon was a country themed restaurant open during the 1960s, right where Westwood stands today!

The sleuths at Westwood searched high and low through Google, and eBay to get a glimpse of what a 60's country-themed Chuck Wagon looked like. We eventually discovered a vintage postcard and matchbook which we purchased and have displayed somewhere at Westwood. Feel free to hunt for it if our food, whiskey collection, mechanical bull, and line dancing aren't enough of a distraction!

Published by Gabriel Moulin Studios, San Francisco, Calif.

# POST CARD

Meanwhile, Westwood is happy we brought country back to Lombard Street's famous "old motel row." Maybe we'll release a line of postcards and matchbooks someday!

Best Wishes,

*Westwood*
